4 SPOTLIGHT

PRODUCTS

- 12 A new Simine plug-and-play controller
Siemens AG

COMPANIES

- 14 A new milestone in the history of VDZ
VDZ

COMPANY PROFILE

- 16 Efficient processes for grinding and separation
Anke Bracht M.A., ZKG Cement Lime Gypsum

MARKETS AND TRENDS

- 20 Outlook on the gypsum industry
Dr Joachim Harder, OneStone Consulting Ltd., Varna/Bulgaria

MATERIALS

- 28 Durability enhancement for cementitious materials through waterproofing by organosilicon chemistry
Dr Wei Cai, Wacker Chemie AG, Munich/Germany
- 36 Assessment of the effect of fine and coarse recycled aggregates and natural pozzolan on various properties of selfcompacting concrete
Debbih Amina¹, Kenai Said¹, Kaci Abdelhak², Kadri El Hadj², Mehmet Serkan Kirgiz³

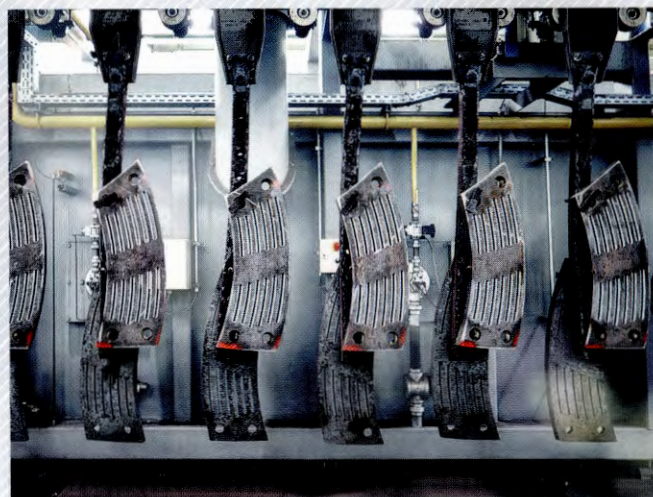

¹Geomaterials and civil engineering laboratory, Civil engineering department, University of Blida1, Algeria
²Laboratory L2MGC, University of Cergy Pontoise, France
³Istanbul University-Cerrahpaşa, Istanbul/Turkey

PROCESS

- 46 How refractory technologies can reduce costs and CO₂ emissions
Dr Kathrin Weber, Dr Nijad Orujov, Diego José Blanco Santos, Carlos Patricio Matus Jara, Refratechnik Cement GmbH, Göttingen/Germany

APPLICATION

- 52 First German railway bridge with UHPC
HeidelbergCement AG

**Let's change the game.
Stop talking about products.
Start thinking about efficient processes.**
Christian Pfeiffer Maschinenfabrik GmbH, headquartered in Beckum, Germany, is focused on optimizing processes in grinding and separation of bulk material. The holistic approach of considering the entire value chain is the basis for a successful operation of grinding plants. Let's change the game. Stop talking about products. Start thinking about efficient processes. Christian Pfeiffer is an expert in process design, setting the course for tomorrow in processing cement, industrial minerals, mining products and coal.
