While *Orchids* endeavors to assure the reliability of its advertising, neither *Orchids* nor the American Orchid Society, Inc. can assume responsibility for any transactions between our advertisers and our readers. Periodical postage paid at Miami, FL and additional offices. POSTMASTER: Send address changes to: American Orchid Society, Inc., at Fairchild Tropical Botanic Garden, 10901 Old Cutler Road, Coral Gables, FL 33156. The American Orchid Society follows the *World Checklist of Selected Plant Families* with regard to questions of botanical nomenclature and synonymy in orchid species names and the International Orchid Register for hybrid nomenclature and parentage in editorial. The opinions and recommendations that appear in *Orchids* regarding the selection and use of specific plant-care products, including but not limited to pesticides, fungicides and herbicides, are those of the individual authors, and not those of the American Orchid Society, which neither adopts nor endorses such opinions and recommendations and disclaims all responsibility for them. When selecting and using such products, readers should seek and obtain the advice of the manufacturer and of responsible government agencies. Mail date: November 25, 2013.

Printed on 10 percent post-consumer recycled paper.

## FRONT COVER

*Habenaria rhodocheila* (Red lip *Habenaria*), hailing from South China and Vietnam south to Malaysia and eastward to the Philippines, is a showy compact terrestrial orchid that can be grown in a wide range of temperature conditions; from those traditionally considered cool to quite warm. The flowers of the species are variable in color ranging from red and orange to pink and even yellow or any shade in between.

Photographer: Richard Noel
