Research for Tropical Agriculture

Vol. 5, No. 2 December 2012

CONTENTS

Original Article*

- Seedling Growth of Rice Cultivar "Phka Rumduol" under Low Oxygen Conditions and Improvement of Seedling Establishment by Bactericide in Cambodia
..... K. Yoshii, H. Shiwachi, K. Irie and H. Toyohara..... 81

Information

- Impact of Cyclone Nargis on Rice Production and the Process of Restoration in the Ayeyarwady Delta, Myanmar: Three Years after the Disaster*
..... M. Matsuda..... 88
- Establishment of a Small Scale System for Rice Seed Production in Laos**
..... K. Katayama and T. Seiji..... 97
- Considerations on Plant Variety Protection System under New International Situations concerning Plant Genetic Resources**
..... M. Okawa, T. Niino, K. Shirata and T. Nagamine..... 104

Symposium**

- Topic: Challenges and Possibilities of International Cooperation in Tropical Agriculture by Japanese Universities
..... Y. Fujii and M. Nakai..... 111
- International Agricultural Development in Collaboration with Students
- Our Experience in Tokyo University of Agriculture -
..... K. T. Natsuaki..... 112
- Rural Development Assistance with Vulnerable People through Diversification of Local Livelihood in Central Vietnam
..... U. Tanaka, K. Mizuno and Le V. A..... 115
- Experiences of Bach Ma Charcoal Project
- Promoting synergy in education, research, and social contribution -
..... Y. Oikawa..... 118
- Dissemination of Nikkei Agroforestry and Sustainable Development of the Amazon
..... M. Yamada, N. Hattori, T. Sato, H. M. Umemura, F. W. Sakaguchi, I. H. Saiki and M. Konagano..... 121
- Institutional Participation to International Development in Agriculture: A Case Study in Kyushu University
..... K. Ogata..... 123
- Topic: Problems in Tropical Agriculture Caused by Global Warming
..... N. Iwasaki and K. Imai..... 127
- Global Warming Impact and Its Current Situation in Tropical Agriculture
..... H. Gemma..... 128
- Influence of Climatic Warming on Distributional Changes in Tropical and Subtropical Insect Pests
..... M. Ishii..... 135
- Occurrence of Citrus Greening in Nansei Islands and Control Strategy
..... T. Iwanami..... 139

Modeling Temperature Responses of Fruit Trees for Assessing the Impact of Climate Warming	T. Asakura.....	143
Feasibility of Reorganizing the Cropping System in Nile Delta	H. Urayama.....	147
Discussion		150
Research Meeting**		
Topic: Possibility and Problem for the Expansion of the Lowland Rice Cultivation Area in Africa	J.-I. Sakagami.....	152
The Present Situation and Problems of Rice Cultivation in Flood-plain Lowland in Africa	T. Sumita, T. Oya, J.-I. Sakagami and M. Ando.....	153
Land Suitability Assessment to Expand Rice Cultivated Area for Flood-plain Lowland in West Africa	Y. Yamamoto, Y. Tsujimoto, Y. Fujihara and J.-I. Sakagami.....	156
Mineralogical and Chemical Properties of Soils around the Flood Plain of White Volta River in Ghana	T. Hatta, T. Oya, Y. Tsujimoto, K. Hayashi, S. Nemoto and J.-I. Sakagami.....	160
Characteristics of Weed Flora, Several Cases of Weed Management Practice and Efficacy of Some Herbicides to Major Species in Rice (<i>Oryza sativa</i>) Fields of Lowland in Ghana	H. Morita, A. Uchino, Y. Inusah, A. I. Zakaria, Y. Tsujimoto and J.-I. Sakagami.....	162
Selection and Improvement of Rice Genotypes for Flood-plain Lowland in Africa	J.-I. Sakagami, C. Sone and K.-i. Matsushima.....	167
Topic: The future potential of SRI (System of Rice Intensification) in the world rice production Possibility of High Yield by SRI Management and an Attempt at its Scientific Evaluation	K. Toriyama.....	170
Intermittent Irrigation –Soil Water Management- Is a Key Point in SRI	M. Mizoguchi.....	175
Commemorative Lecture by the Winner of Promotional Award for Achievement in Tropical Agriculture-out line**		
Studies on Cultivation and Physiology of Tropical Fruit Trees: Especially on Cherimoya and Mango	H. Higuchi.....	179
Commemorative Lecture by the Winner of Iso Award-out line**		
Establishment of NERICA Cultivation Technology and Technology Dissemination in Africa	T. Tsuboi.....	183
Proceeding of the society**		191
