*Partners in Research for Development* is the quarterly publication of the Australian Centre for International Agricultural Research (ACIAR). *Partners* presents articles that summarise results from ACIAR-brokered research projects and puts ACIAR research initiatives into perspective. Technical enquiries will be passed on to the appropriate researchers for reply.

This publication is available electronically, at no charge, from the ACIAR website at [aciar.gov.au](http://aciar.gov.au). Hard copies are also freely available on request from ACIAR. The use of a trade name does not constitute any endorsement of, or discrimination against, any product by ACIAR.

This publication has been funded by the Australian Government through the Australian Centre for International Agricultural Research. The views expressed in this publication are the author's alone and are not necessarily the views of the Australian Government.
