Vol. 50 No. 2 April, 2013

Original Papers

Breeding and Genetics

- Expression of Eleven Egg Performance-associated Genes in the Ovary of Zi Geese *Anser anser domestica*
..... Hong Ji, Jianfa Wang, Jingru Guo, Li Guo, Lin Zang, Dan Wang, Huanmin Yang and Juxiong Liu 91
- The Genetic Diversity of Eight Chicken Populations Assessed by 102 Indels Markers
..... Aye A. Maw, Takeshi Shimogiri, Kai Yamamoto, Kotaro Kawabe,
Koichiro Hamada, Yasuhiro Kawamoto and Shin Okamoto 99
- The Identification of a Novel Transcript Variant of Chicken *Lmbr1* and the Sequence Variation Analysis
..... Wen Chen, Xiaohui Du, Ling Ling Hou, Shuping Zhang, Xianglao Kang,
Ruili Han, Guirong Sun and Yanqun Huang 104

Nutrition and Feed

- Influence of Dietary Rice Grain Replaced from Corn on Serum Concentrations of Amino Acids in Young Chickens
..... Kazumi Kita and Aika Okuten 114
- Effect of Dietary β -1,4-Mannobiose on the Growth of Growing Broiler Chicks
..... Masahisa Ibuki, Yu Yoshimoto, Hiroki Yamasaki, Kazuhisa Honda, Kensuke Fukui,
Hiroko Yonemoto, Shin Hasegawa and Hiroshi Kamisoyama 120
- Analysis of Liver Transcriptome in Broilers with Ascites and Regulation by L-Carnitine
..... Yongwei Wang, Yuming Guo, Dong Ning, Yunzhi Peng, Ying Yang and Dan Liu 126
- Detection of Two Types of Glycated Tryptophan Compounds in the Plasma of Chickens Fed Tryptophan Excess Diets
..... Kazumi Kita, Yoshimi Kawashima, Ryosuke Makino, Toshiharu Namao,
Satoshi Ogawa, Hiroki Muraoka and Shinobu Fujimura 138

(Research Note)

- Dietary L-carnitine Improves Pulmonary Hypertensive Response in Broiler Chickens Subjected to Hypobaric Hypoxia
..... Azam Yousefi, Fariborz Khajali, Hossein Hassanpour and Zahra Khajali 143

Physiology and Reproduction

(Research Note)

- In vivo* Administration of β_2 -agonist Clenbuterol and Subsequent Increase in Skeletal Muscle Mass in Neonatal Chicks
..... Daichi Ijiri, Kanae Ishitani, Tomoko Matsubara, Miho Hirabayashi, Yukio Kanai and Akira Ohtsuka 150

(Research Note)

- Culture System for Bobwhite Quail Embryos from the Blastoderm Stage to Hatching
..... Atsushi Kato, Daichi Miyahara, Hiroshi Kagami, Yusuke Atsumi,
Shusei Mizushima, Kiyoshi Shimada and Tamao Ono 155

Immunology and Hygiene

(Research Note)

- Isolation and Characterization of a Novel Chicken Egg White Protein with Scavenger Receptor Cysteine-rich Domains
..... Whayoung Yoo, Tomohiro Araki, Junna Saito, Yamato Kurata,
Kazuhiko Tokita, Kohtarō Kato and Misao Matsushita 159

Environment and Management

- Oral Administration of D-aspartate, but not of L-aspartate, Reduces Food Intake in Chicks
..... Edi Erwan, Shozo Tomonaga, Taketo Ohmori, Yuta Mutaguchi, Toshihisa Ohshima,
Mao Nagasawa, Shinobu Yasuo, Yoshinaga Tamura and Mitsuhiro Furuse 164

(Research Note)

- Using Anhydrous Aluminum Chloride with Calcium Carbonate to Reduce Ammonia Volatilization and Increase Nitrogen Content from Poultry Litter
..... Gee Dong Lee, Sam Churl Kim and In Hag Choi 172

Processing and Products

(Research Note)

- Selenium-Enriched Fatty Goose Liver Attenuates Alcohol-Induced Liver Injury in Mice by Enhancing Antioxidant Capability
..... Bao-Wei Wang, Guo-Qing Huang, Wei-Wei Wang, Wen-Hua Ge and Ming-Ai Zhang 177
