# ZOOLOGICAL SCIENCE

## CONTENTS

### ORIGINAL ARTICLES

#### Behavioral Biology

- Mukai, Y., Sanudin, N., Firdaus, R. F., Saad, S.: Reduced Cannibalistic Behavior of African Catfish, *Clarias gariepinus*, Larvae Under Dark and Dim Conditions. .... 421

#### Diversity and Evolution

- Kishida, T., Hayano, A., Inoue-Murayama, M., Hikida, T.: Pairwise Comparison of Orthologous Olfactory Receptor Genes Between Two Sympatric Sibling Sea Kraits of the Genus *Laticauda* in Vanuatu. .... 425
- Urano, K., Tsubono, K., Taniguchi, Y., Matsuda, H., Yamada, T., Sugiyama, T., Homma, K., Kaneko, Y., Yamagishi, S., Iwaisaki, H.: Genetic Diversity and Structure in the Sado Captive Population of the Japanese Crested Ibis. .... 432

#### Endocrinology

- Edmonds, K. E.: Melatonin, but not Auxin, Affects Postnatal Reproductive Development in the Marsh Rice Rat (*Oryzomys palustris*). .... 439
- Selvaraj, S., Ohga, H., Kitano, H., Nyuji, M., Yamaguchi, A., Matsuyama, M.: Peripheral Administration of Kiss1 Pentadecapeptide Induces Gonadal Development in Sexually Immature Adult Scombroid Fish. .... 446

#### Molecular Biology

- Nakajima, K., Nakai, Y., Okada, M., Yaoita, Y.: Targeted Gene Disruption in the *Xenopus tropicalis* Genome Using Designed TALE Nucleases. .... 455

#### Morphology

- Goto, T., Shiba, Y., Shibagaki, K., Nakaya, K.: Morphology and Ventilatory Function of Gills in the Carpet Shark Family Parascylliidae (Elasmobranchii, Orectolobiformes). .... 461
- Homayuni, H., Marjani, M., Mousavi-Sabet, H.: Morphological Characteristics of Otoliths for *Dussumieria acuta* and *Dussumieria elopsoides* (Pisces: Clupeidae) from the Northern Oman Sea. .... 469
- He, Y., Li, R., Wang, J., Blanchet, S., Lek, S.: Morphological Variation Among Wild Populations of Chinese Rare Minnow (*Gobiocypris rarus*): Deciphering the Role of Evolutionary Processes. .... 475
- Okada, T., Kataoka, Y., Takeshita, A., Mino, M., Morioka, H., Kusakabe, K. T., Kondo, T.: Effects of Transient Forebrain Ischemia on the Hippocampus of the Mongolian Gerbil (*Meriones unguiculatus*): An Immunohistochemical Study. .... 484

#### Phylogeny

- Zhang, X., Zhou, H.-Z.: How Old Are the Rove Beetles (Insecta: Coleoptera: Staphylinidae) and Their Lineages? Seeking an Answer with DNA. .... 490

#### Taxonomy

- Harrath, A. H., Sluys, R., Aldahmash, W., Al-Razaki, A., Alwasel, S.: Reproductive Strategies, Karyology, Parasites, and Taxonomic Status of *Dugesia* Populations from Yemen (Platyhelminthes: Tricladida: Dugesidae). .... 502
- Depa, Ł., Mróz, E.: Central European *Acer*- and *Salicaceae*-feeding Aphids of the Genus *Stomaphis* (Insecta: Aphidoidea: Lachnidae)—Separate Species or Populations? .... 509

**INDEXED IN:**

**Medline (PubMed) and Index Medicus  
Current Contents/LS and AB & ES,  
Science Citation Index,  
ISI Online Database,  
CABS Database, INFOBIB**

Issued on June 1

Printed by Letterpress Co., Ltd.  
Hiroshima, Japan

Continuation of the "Zoological Magazine" and  
the "Annotationes Zoologicae Japonenses"
